

Station 9

Level (a)

How many cars are outside each house?

How many cars are there in total?

Is there enough space to park all of these cars in drives?

Where could more space be found?

Level (b)

Looking at the block of houses in front of you, how many lines of symmetry can you find?

Can you see any repeating patterns in the design of the houses-colours, shapes, etc?

Level (c)

Are the poles along this path equidistant?

Are the poles collinear?
